## Comments Report

## 3. Comments

3.1) Is there anything else you would like to add about this instructor or course?

- Professor Najafi cares about his teaching and his students. He took the time to learn all of our names and get to know us. He asked for our feedback every class and called us by our names making eye contact with us. He clearly translated the information to us and he was helpful to us so that we did not have to purchase the book if we felt we did not need it. I would recommend Najafi to others and hope to have him again as a teacher.
- The professor worked hard to make the most complex topics easier to understand.
- There is a lot of information coming at you in the class but Sami did a good job of relaying the information to us. He used our feedback which is always nice. Still sometimes the class went a little fast for me, but then again numbers aren't my strong suit.
